2017 CSA OPTIONS:

Full Season CSA: Weekly pickups of our own Certified Organic produce will start in late May and go through the end of October (24 weeks). Each week you'll get a variety of different veggies. The variety and quantity will change according to the season. This year our whole & half shares will feature priority access to our expanded pick-your-own strawberry field with complimentary hayrides on the weekends. We guarantee to return you at least 15% on your investment with us. Choose from a Whole Share for \$650 or a Half Share for \$375. **Sign-up before March 1st and save \$25!** *CSA pickups are available at the Harvard, Davis Square, Brookline and Attleboro summer farmers' markets. Email us to inquire about pricing.*

Farm Stand CSA: Our farm stand "debit" cards are redeemable for any item whenever the farm stand is open, all season long. You choose what veggies you want and when you want them. Cards are available in \$200 increments for your convenience. Plus, the earlier you sign-up, the more of a bonus you'll receive! *All farm stand cards expire 12/23/17 and can not be rolled over to the next season or used towards Organic Harvest Boxes, other CSA programs or wholesale orders.*
